Breach Protection

Merchant Program

\$500,000 Liability Waiver

Recovering from a breach can be financially devastating to a small or medium business. In response, CyberIDLock is now offering a \$500,000 Liability Waiver for PCI Compliance level 3 and 4 merchants from insurance company Great American E & S. This coverage provides assistance and financial relief up to \$500,000, for PCI assessments, related costs, mandatory audit fees, and/or card replacement cost, contractually assessed or ordered for reimbursement by the card network to a merchant as a result of a data security breach at the merchant level.*

FEATURES	BENEFITS
\$500,000 Policy from our partner Great American E & S	<ul style="list-style-type: none">• PCI assessments and related costs• Mandatory Audit Fees and/or card replacement costs• Comprehensive Customer Service

Keystroke Encryption Software

Keylogging spyware, a leading component in SMB breaches, steals everything you type including your banking credentials, customer information, emails and other sensitive data. Keyloggers infect your PC when clicking on links inside emails, using social media or surfing the web. EndpointLock™ keystroke encryption software blocks spyware and keeps everything you type private.

FEATURES	BENEFITS
<ul style="list-style-type: none">• Five Software License Keys for Windows 7, 8 and 10 and Mac OSX	<ul style="list-style-type: none">• Patented Keystroke Encryption method• Guaranteed to block the capture of keystrokes on any PC.• Unlike Anti-virus which identifies only known catalogued malware, keystroke encryption protects from zero-day (unknown) keylogging malware.• Insures privacy for emails and other sensitive information.• For anyone who banks, shops and shares personal information digitally.

Dark Web Scan (Pre-event Monitoring)

Out of the reach of regular Internet searches, lies the Dark Web, a hub for secret chat rooms, forums and black-market sites that sell or distribute illegal products and services and house compromised databases containing millions of stolen identities. Our Dark Web Scan will report if your email address has been found in one or more of these databases and we offer steps you can take to prevent further compromise.

FEATURES	BENEFITS
<ul style="list-style-type: none">• Unlimited Free Access to our Dark Web Email Scan• Immediate Results Report tells you exactly which account(s) were found.	<ul style="list-style-type: none">• Find out if your email(s) have been compromised on the Dark Web. Come back any time to scan again and check your status.• Helps you stay proactive and up to date on the security of your account credentials.• Provides steps you can take to protect your account credentials from being used to access other sites such as banking and credit cards.

Breach Protection

Merchant Program

Restoration Specialists /Fully-managed recovery 24/7 Live Member Support for the breached merchant's consumer customers (Post -Event Recovery)

Individual Fully Managed Recovery services provided to Affected Consumers (of the breached merchant) who are victims of an ID Theft event as a result of a covered data breach event. If identity fraud or compromise occurs, a professionally-trained identity theft Recovery Advocate, will be assigned.

FEATURES	BENEFITS
<ul style="list-style-type: none">• Dedicated Certified Recovery Advocate	<ul style="list-style-type: none">• Initial response from recovery within one business day.• Provide a recovery package via overnight mail or email, at the option of the consumer, with the necessary forms and instructions, including a limited power of attorney form.• Notify the three major credit bureaus, and the Consumer's affected creditors, financial institutions and utility providers if there has been an identity theft event.• Provide assistance with filing a Police Report.• Provide fraud alerts to the three major credit bureaus requesting that a fraud alert be placed on the Consumer's credit files and affected credit accounts at the option of the Consumer where there has been an identity theft event.• Provide a secure logon to a personal Identity Care Account to allow the Consumer to view recovery case notes online 24/7.• Provide one bureau credit monitoring to the Consumer with daily alerts accessible through their Identity Care Account for the duration of the recovery process and for twelve (12) months thereafter.• Provide a means within their Identity Care Account for the Consumer to access, view and print recovery case documents uploaded on their behalf by their Recovery
